Come and join us in our passion for the elegant Suri Alpaca. FiberGenix Suris was the first 'Purely Suri' breeding program in New Jersey. We are a medium-size alpaca farm that specializes in breeding for championship-quality suri alpacas, with an emphasis on producing colored suri alpacas. We believe that by focusing exclusively on the suri alpaca, we can support our clients with the experience and knowledge gained from almost eight years of breeding, raising, shearing, training and showing the suri alpaca.

Locust Lane Fibre Farm

Mountain Meadows, located in Goode, offers alpacas for sale as well as stud, shearing and agistment. Alpacas, which are related to llamas, are raised for their luxurious fibre, which are very soft, yet warm, durable and lightweights. The Peaks Alpaca Shop, house on the farm, retails homegrown fibre products and a wide array of finished products and alpaca related goods. From thick warm hiking socks to elegant evening wraps, you will love the look and feel of alpaca. Mountain Meadows invites you to visit the farm and meet their fluffy, delightful alpacas and "feel the difference" alpaca makes.
