Spring Lake Farm (SLF) is a unique destination being developed in Bedford County, VA. It is a sustainable farm, Bed & Breakfast and a Folk Life School all in one. The basic premise is to create or, in this case, recreate a facility for wholesome, educational and recreational experiences. This would include moderate overnight accommodations, day use areas and amenities for the folk life activities. Workshops, cabinets, studios, gardens and animal quarters all intermingled into a "village" concept that transcends our modern way of thinking about community; B & B's or farms for that matter. A menagerie of living things, working artisans and a lively and bustling village is what SLF is about to become.
